AUTHOR DECLARATION

The increasing use of artificial intelligence (AI) tools in scholarly publishing requires clear standards to ensure transparency, accuracy, and intellectual integrity. While limited use of AI for language improvement may be acceptable, the use of such tools to generate or modify substantive content raises concerns regarding authorship, accountability, and scientific validity. Accordingly, all authors must disclose any use of AI and confirm that all intellectual contributions are their own.

AI USAGE DISCLOSURE (*select one*)

- No AI tools were used** in any part of the preparation of this chapter
- AI tools were used solely for language editing** (e.g., grammar, spelling, or clarity), without generating or rewriting substantive content
- AI tools were used for other purposes** (*must be fully described below*)

If AI was used, provide details: _____

Description of use: _____

Tool name(s) and version(s): _____

AUTHOR CERTIFICATION

I/We confirm that:

- The information provided above is complete and accurate
- All intellectual, scientific, and scholarly content is the original work of the author(s)
- Any AI-assisted content has been carefully reviewed and verified by the author(s)

I/We understand that failure to disclose AI use or submission of false information may result in rejection or retraction of the chapter and may give rise to legal or financial liability.

AAP POLICY ON ARTIFICIAL INTELLIGENCE (AI) USE

AAP permits only limited use of AI and AI-assisted technologies in manuscript preparation under the following conditions:

Permitted Uses

- AI may be used **only for language editing and readability improvement**
- AI must not alter the original meaning or introduce new content

Prohibited Use

- Generating, rewriting, or substantively modifying text
- Producing scientific, technical, medical, or scholarly insights
- Creating or altering **data, results, or conclusions**
- Creating or manipulating **images, figures, tables, graphics, code, or formulas**

Definitions

- *Manipulation* includes augmentation, removal, repositioning, concealment, or addition of specific features

Additional Requirements

- AI tools **cannot be listed as authors**
- All AI use **must be disclosed** in the manuscript where applicable
- Authors are **fully responsible** for the accuracy, integrity, and originality of all content
- Authors must ensure that AI use does not compromise confidentiality, intellectual property, or data right
